Sir:

The Examiner may wish to consider the following documents (See the attached list), with respect to the above-identified application.

The following documents were cited in a Communication from the European Patent Office in a counterpart application of the above-identified application. The European Search Report and Annex thereto are attached. The brief descriptions of relevance of the documents on the attached Search report are believed to reflect the relevant content of the documents, however, it is not intended that the Patent and Trademark Office rely on the descriptions as unfailingly accurate or complete.

The identification of any documents herein is not intended to be, and should not be understood as being an admission that such document, in fact, constitutes "prior art" within the meaning of applicable law. The "prior art" status of any patent or publication is a matter to be resolved during the prosecution.

Applicant respectfully requests that the art cited herein be made of record in the above-identified case.

Respectfully submitted,

By Cedric M. Richeson
